

## RESPECT FOR GIRLS

In this world where we all live  
let's talk about a gift to give.  
It's called respect, it's really neat  
for all the girls that we meet.

So, let's be strong, let's stand tall,  
respecting girls, one and all.

**Respect for girls, it's super cool,  
Be really kind,  
that's the golden rule.  
No more hurting, no more fights,  
In a world where everything's alright.**

Different colours, different faces  
in every heart, kindness embraces.  
No matter where, no matter when  
respect for girls, let's be friends.

So, let's be strong, let's stand tall,  
Respecting girls, one and all.

**Respect for girls...**

***That's our song, simple and clear,  
Respecting girls, let's keep it near.  
In our hearts, let kindness flow,  
For a world where love will grow.***
