

Never give up.

**When you feel
you're sad and lonely
and the sky
is dark and grey...**

**When you're scared
about the future
and your joy
is far away...**

**Take a look
inside your heart,
take your time
and look ahead.**

**Never give up,
oh, never give up,
Bad moments will pass,
they won't last forever.**

**Spend your time
with friends who like you
call them up
when feeling blue.**

**Yes, today
you can be happy.
Please, believe me
this is true.**
