SUNSHINE

It's such a pleasure and joy

to have a friend like you.

You always care,

you're always there.

You listen to my heart,

you make me smile.

You're just a pure delight,

you make my life so bright.

I hope the sunshine warms your day

just as your friendship warms my heart.

I hope the sunshine warms your day

just as your friendship warms my heart.

A friend won't run away

from things so hard to say:

words you don't want to hear

things you need to make clear;

and when the world seems so dark

your friend will light your day:

there'll be a helping hand

to guide and understand.

I hope the sunshine warms your day...
